COTTON CHATS

DRAPER COMPANY HOPEDALE MASS.

NO. 118. AUGUST, 1912.

THE TWELFTH ANNUAL FIELD DAY

of our employees was held on August 17th. The weather conditions were favorable and the large number of people present again testified to the popularity of this occasion. The illustrations on the following pages tell the story.

ALTHOUGH DOG-DAYS

usually represent the vacation season and mills seldom place large orders at this time of the year, we feel much encouraged in finding our orders for August 1912 call for **over 3400 Northrop Looms** as compared with **650** in August 1911. Practically all these looms just ordered are for mills now operating Northrop Looms.
